AVMA LIFE Trust
Group Critical Illness Insurance
simplified coverage for not-so-simple events
PUTTING YOUR NEEDS FIRST
Since 1957, the AVMA LIFE Trust has provided members like you with access to coverage you can trust. That’s because AVMA members are more than just program participants—they’re in charge.

The AVMA Trust—encompassing both AVMA LIFE and AVMA PLIT—is governed by a Board of Trustees who are working veterinarians and AVMA members. These Trustees guide the mission and vision of the organization and work with the Trust's team of experienced insurance professionals to help ensure that members' needs always come first.

The AVMA LIFE Trust program is designed to help save members money on premiums. As a self-rated participating program, the charges to members are based solely on the claims experience of AVMA members and their families. No outside groups are included. When the funds paid into the program exceed what is required for its operation, these funds are used to lower costs or improve coverage for participants.

The AVMA LIFE program is underwritten by New York Life Insurance Company, one of the industry’s most respected names. New York Life Insurance Company (NY, NY 10010) has received the highest ratings for financial strength currently awarded to any U.S. life insurer by all four major rating agencies, including Moody’s Investor Service (Aaa), Standard & Poor’s (AA+), Fitch Ratings (AAA), and A.M. Best (A++).*

SOME ILLNESSES ARE MORE POWERFUL THAN OTHERS
So are some solutions.
Critical Illness Insurance through the AVMA LIFE Trust helps protect members, and their families, from the financial impact of a specific, life-threatening illness. That’s because this coverage pays a cash benefit if the insured person is diagnosed with a covered illness or disease. In fact, this coverage can cover up to two separate and distinct Critical Illnesses.

Healthcare costs can quickly add up for those facing a Critical Illness. Benefits are paid directly to the insured member who can use this money in any way they see fit. It can be used to help:

• pay medical bills / offset high deductibles
• replace lost wages
• cover hotel and meal expenses for visiting family
• meet day-to-day expenses
• create a college fund or estate
